

## SPACE HEATER SAFETY

Keep space heaters clear, plugged into a wall outlet, attended, and properly ventilated.

### KEY SAFETY REMINDERS

- Follow company policy — only use heaters if permitted
- Never use extension cords with space heaters—plug directly into a wall outlet
- Keep 36 inches of clearance from anything that can burn
- Place heaters on a level, stable surface away from walkways
- Never leave heaters unattended

click [LifeAdvisorEAP.com](http://LifeAdvisorEAP.com).  
This confidential service is  
FREE for Fabiano Brothers  
employees and their families.

### Carbon Monoxide

Using space heaters can  
increase the risk of carbon  
monoxide exposure.

- Ensure heaters are properly maintained
- Install CO detectors in the area
