

AVOID SLIPS & FALLS

ONE MISSTEP CAN CAUSE A SERIOUS INJURY

Slips, trips, and falls are one of the leading causes of workplace injuries.

Wet floors, uneven surfaces, clutter, rushing, and distractions can quickly lead to accidents.

**SLOW DOWN.
STAY AWARE.
WATCH YOUR SURROUNDINGS.**

YOUR MINDSET MATTERS

**DISTRACTION AND FATIGUE
INCREASE RISK**

Falls don't just happen because of physical hazards.

Rushing, complacency, stress, and exhaustion reduce awareness and reaction time.

**STAY FOCUSED —
ESPECIALLY WHEN
CONDITIONS CHANGE.**

CHECK YOUR FOOTWEAR

**YOUR SHOES PLAY
A BIG ROLE IN SAFETY**

- Worn tread can reduce grip.
- Poor fit can affect balance.
- New footwear may change movement and footing.

**PROPER FOOTWEAR
HELPS PREVENT
SLIPS AND FALLS.**

**THINK SAFETY
WITH EVERY STEP**

STAY ALERT.

TAKE YOUR TIME.

PREVENT INJURIES
BEFORE THEY HAPPEN.

**SAFETY
STARTS WITH
AWARENESS.**
